

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices (“Notice”) covers the National Church Residences Affiliated Covered Entity (“ACE”), an affiliated covered entity under the Health Insurance Portability and Accountability Act (“HIPAA”). It describes how the National Church Residences ACE may use or disclose your Protected Health Information (“PHI”). PHI is information that identifies you and relates to health care services, the payment of health care services or your physical or mental health or condition, in the past, present or future. This Notice also describes your rights to access and control your PHI.

The ACE is a group of legally separate covered entities that are affiliated and have designated themselves as a single affiliated covered entity for purposes of compliance with HIPAA. The National Church Residences ACE, and its employees and workforce members who are involved in providing and coordinating your health care, are all bound to follow the terms of this Notice. The members of the National Church Residences ACE will share PHI with each other for the treatment, payment and health care operations as permitted by HIPAA and this Notice. For a complete list of the National Church Residences ACE, please contact our Privacy Officer at 1-866-267-2609 or Privacy@nationalchurchresidences.org.

We reserve the right to change our privacy practices and to make the new provisions effective for all PHI we maintain. Should our privacy practices change, a revised Notice will be posted in our facility, as well as on our website, and will be made available upon request.

Disclosures to Which You Have An Opportunity to Object

In some instances, you have the opportunity to prohibit or ask that we restrict the use of your PHI. If you have a preference for how we share your PHI in the following situations, please let us know. Note that if you are unable to tell us your preference, we may disclose your PHI if we believe it is in your best interest or to avert a threat to health or safety:

- **Directory:** Unless you notify us that you object, we may use your name, location in the facility, general condition, and religious affiliation for directory purposes, provide this information to clergy and people who ask for you by name, and identify you on a nameplate next to your door.
- **Family:** We may disclose to a family member, friend, or other person involved in your care PHI relevant to that person's involvement in your care or payment for your care, including notifying them of your location and general condition. If appropriate, these communications may also be made after your death.
- **Disaster relief:** We may use or disclose your PHI to assist in a disaster relief situation.
- **Fundraising:** We may contact you for fundraising efforts, but you will be provided an opportunity to opt out of these communications. If we have your substance use disorder patient records, subject to 42 CFR part 2, we will give you clear and obvious notice in advance and a choice about whether to receive fundraising communications that use your Part 2 information.
- **Technological Advancements:** We may use artificial intelligence (AI) tools, including "ambient listening" technology, to assist in documenting your care. These tools can securely capture and transcribe conversations between you and your healthcare provider during visits to help create clinical notes and improve care accuracy. These technologies may collect and process information you share during your visit, including spoken words, health concerns, medical history, and other information relevant to your care. In some cases, audio recordings may be temporarily created to generate written documentation. These audio recordings may also be used for quality improvement or training purposes. In all cases, these are not permanently stored and do not become part of the medical record. We may also use third-party service providers to support these AI technologies. These providers are required to protect your information and may only use it as permitted by law and our agreements with them. You may request that AI-assisted documentation tools not be used during your visit. Please inform your provider if you prefer not to have your visit supported by these technologies.
- **Health Information Exchange:** We participate in one or more Health Information Exchanges. Your healthcare providers can use this electronic network to securely provide access to your health records to facilitate the provision of health care to you. We, and other authorized healthcare providers, may allow access to your PHI through the Health Information Exchange for treatment, payment, or other healthcare operations. If you choose to opt-out of having your PHI shared through the Health Information Exchange, we ask that such request be made in writing on our standard form, available by contacting the applicable facility or agency.

Your Health Information Rights

Although your health record is our physical property, the information in your health record belongs to you. You have the following rights:

- **Identification of a Personal Representative.** You may identify persons to us who may, by operation of state law, serve as your authorized personal representative, such as a court-appointed guardian, a properly executed and specific power-of attorney granting such authority, or a Durable Power of Attorney for Health Care, if it allows such person to act when you are able to communicate on your own, or other method recognized by applicable law. We may, however, elect not to treat a person as your personal representative if, in our professional judgement, we determine that it is not in your best interest.

- **Right to Request Restrictions:** You may request that we not use or disclose your PHI for a particular reason related to treatment, payment, or our operations. We ask that such requests be made in writing on our standard form, available by contacting the applicable facility or agency. We will consider your request, but we are not required to abide by it, unless it is a request to prohibit disclosures to your health plan relating to a service for which you have already paid in full out of pocket.
- **Confidential Communications:** You have the right to request that we communicate with you in a confidential manner. For instance, you may request that we contact and provide you with information by alternative means or at alternative locations. We ask that such requests be made in writing on our standard form, available by contacting the applicable facility or agency. We will attempt to accommodate all reasonable requests.
- **Access to Medical Record:** You may request to view and/or obtain a paper or electronic copy of your medical record, which will be provided to you in time frames established by law. Such requests must be made in writing. To better respond to your request, we ask that you make such requests on our standard form, available by contacting the applicable facility or agency. We may charge you a reasonable, cost-based fee for paper or electronic copies.
- **Request to Correct Medical Record:** If you believe that any PHI contained in your record is incorrect or incomplete, you may request that we correct the existing information or add the missing information. Such requests must be made in writing, and must provide a reason to support the amendment. We ask that such requests be made in writing on our standard form, available by contacting the applicable facility or agency. If we deny your request, we will tell you why it was denied and your rights following such denial.
- **Obtain Accounting:** You may request a written accounting of all disclosures of your PHI we have made during a specific time period (not to exceed 6 years). We ask that such requests be made in writing on our standard form, available by contacting the applicable facility or agency. Please note that the accounting will not include treatment, payment, health care operations, or certain other disclosures. You will not be charged for your first accounting request in any 12-month period, but for any requests that you make thereafter, you may be charged a reasonable, cost-based fee.
- **Copy of Notice:** You have the right to obtain a paper copy of this Notice upon request. You may also access and print a copy of our notice from our website at <http://www.nationalchurchresidences.org>.
- **File a Complaint:** If you believe your privacy rights have been violated, you may file a complaint by calling 1-866-267-2609 or by submitting a written complaint. The complaint form may be obtained from the applicable facility or agency, and when completed should be returned to the applicable facility or agency.
